

UPDATES: NOVEL CORONAVIRUS 2019 (Covid-19)

10th March 2020

Further to several Health Advisories issued over the past few weeks, we would like to provide further updates on the on-going situation with the Covid-19, in terms of precautionary measures that are currently being implemented at APU & APIIT campuses.

- All students/staff/guests who intend to travel from **China, Taiwan, Macau, Hong Kong, Korea, Japan, Italy and Iran** or other infected areas in to Malaysia have been advised to postpone their travel plans.
- We have already instituted **more frequent wiping down of all work surfaces and other touch points including lift buttons, railings, handles.**
- With immediate effect, **all external industrial visits & study trips involving a group / cluster of students & staff are postponed until further notice.**
- **Thermal scanning** will be imposed at some entry points within this week. The scanning activity will be expanded to other areas as more equipment becomes available which have been ordered. At the scanning point, **students / staff / guests who are found with high body temperature will be asked to seek immediate medical treatment.**
- Students, staff and on-campus vendors who are experiencing **symptoms like cough, flu, fever, headache and breathing difficulties** are strictly required to seek immediate medical treatment at the nearest hospital.
- **Hand sanitizers are available** and are placed at prominent locations at both APU and APIIT campuses. **Face masks are available** at the reception counters of both APU and APIIT campuses.
- Regular Health Advisories and Public Announcements have been made on all internal & external communication channels available at APU & APIIT.

Kindly continue taking precautionary measures by maintaining personal hygiene at all times. Do wash your hands regularly, cover your nose & mouth while coughing / sneezing and seek immediate medical advice when you demonstrate any of the symptoms related to COVID-19.
