

## IMPORTANT UPDATE: STUDENTS RETURNING TO CAMPUS FROM 18TH OCTOBER 2021 IN STAGES

3<sup>rd</sup> October 2021

Dear Students,

We hope that you are keeping well and staying safe. We are as excited as you to welcome our APU community to be back on campus starting from **18th October 2021** in stages.

We are here to provide you with guidance on plans to bring you back to campus in stages in accordance with Ministry of Higher Education (MOHE) guidelines issued recently where universities have been allowed to restart operations in stages with certain conditions. Do take note that all students must be fully vaccinated upon arriving at the campus. **Students are only considered fully vaccinated — 14 days after your second dose (Pfizer, AstraZeneca, Sinovac), or 28 days after a single-dose vaccine (Johnson & Johnson or Cansino).**

### Intakes Returning to Campus

While all scheduled classes will continue to be delivered online, we will start delivering a selected number of intakes on campus in **Hybrid mode** (Online & Face-2-Face) from the week of 18th October 2021 onwards. This will be indicated in your timetables from the week of 18th October 2021 as Hybrid Classes. For these classes, you will have the option of either attending classes physically on campus or online. Those who are unable to return to campus will still be able to continue following classes in Online Learning mode until further notice. The list of intakes where some modules will be delivered in Hybrid Mode (Online & Face-2-Face) can be accessed [HERE](#). This list will be updated from time to time.

For these classes, you will have the option of either attending on campus or online. Your lecturers will in almost all cases, deliver these sessions from the respective classroom/lab allocated at APU.
