CONDUCTIVE TEACHING AND LEARNING ENVIRONMENT

WHAT OUR STUDENTS SAY

While I was learning at APLC, my English proficiency improved tremendously. Lecturers are passionate in teaching, and they used fun, interesting and modern ways of teaching. Here at APLC, I got to know friends from different countries, and I learnt about their cultures; these are things that I have not come across before. In the upcoming days of study, I believe I could gain further self-improvements in different aspects.

Xia Sha
China

I learned about globalization while communicating with students from various countries. After attending English programme, I also had the chance to learn about foreign languages or cultures and much more through my classmates from other countries. I feel proud talking about my experience at APLC.

Oh Dongsu
South Korea

I was touched by the warm and comfortable study environment created by the kind and friendly staffs and lecturers during the first day of joining APLC in January 2018. They immediately solved the problems and provided alternative solutions to me when needed. Besides, the multicultural learning experience is so awesome which provides the opportunity for me to improve my English communication skills as well as networking skills. I am glad that I can study in APLC and APU, of course, thanks to my agent who recommended APLC and APU to me for pursuing my studies.

Nguyen Thi Hong Bich
Vietnam

I like to take part in the activities in class when I was studying at APLC, the teachers provided us a very interesting and fun way to learn English communication. It was a good experience learning the language together with students from so many countries.

Sarzhan Madina
Kazakhstan

The teachers in APLC are very friendly, they are very helpful to us in learning the English language in class. The environment of APLC is also very different, and I got to know students from different countries in the same class. Besides learning the English language, I also made new friends and learnt about new culture from my classmates.

Abdurakhimov Abdulbosit
Uzbekistan

Teachers said "In the classroom, you speak only English." So I had to try speaking English without thinking about making mistakes. In APLC, I made friends not only Japanese students from different universities but also students from many different countries. I made friend with a Korean for the first time. We both speak poor English, but I'm so glad that we are able to communicate with each other. If you join APLC, you will enjoy speaking and studying English with friends from all over the world.

Risako Kishid
Japan

My English has improved and I am more confident in speaking English since I joined APLC. The teachers use very interesting techniques to teach us communication skills, and I enjoyed doing activities in class together with other students from other countries. I made a lot of friends in class, and I find APLC a very interesting place to study.

Kaewkarn Thaweekarn

Before I came to APLC, I was very shy and I was afraid to speak in English. After attending APLC, I improved my English and I became more confident. The activities in class are very interesting for us to learn English in a fun way.

TOPIK test measures proficiency in reading, writing, and listening comprehension in the Korean language. The test has three different levels: Beginner, Intermediate and Advanced. Further accuracy is expressed through six grades, two matched to each level to evaluate proficiency.

WHAT IS KLAT?

The Korean Language Ability Test (세계한국말인증시험), i.e., KLAT, is a standardised Korean test offered internationally in South Korea and worldwide. Korean Language Proficiency Test or KLPT is the former name. They developed this exam to evaluate the Korean ability of non-native Korean speakers.

What is the difference between the part time and full time programmes?

The Full time programme is more academic in focus as it emphasise on reading, writing, listening , speaking and grammar. Students who enrol for the full time programme are usually looking to further their studies to Korean Universities.

The Part Time programme is more focused on learning for fun, able to speak and listen to Korean Language, watching K-Dramas/ movies without sub titles.
